

Building Automation Systems EIB® and LON® 2003

EIBoxX System technology			
Switch actuators with 16 outputs, EIB®	EO 1601 EO 1602 EO 1603 EO 1604	Switching or shutter Switching with additional functions Shutter with additional functions Switching and shutter with variable allocations	
Modular system with up to 20 outputs, EIB® 	EM 0401 EO 0401 / EO 0402 EO 0201 / EO 0202 EI 0401 / EI 0402 ED 0101 / ED 0102 ED 0103	Central module Output modules with 4 outputs Output modules with 2 outputs Input modules Dimming modules Switch-dimmer module	
Power supplies systems, EIB® 	ES 0102 ES 0103 ES 0101	Power supply 640 mA, with integrated choke, diagnosis function and overvoltage protection Power supply 640 mA with integrated choke Power supply 320 mA with integrated choke	
Push-button input devices 	EI 0203 EI 0403	Push-button input device, 4-fold Push-button input device, 2-fold	
Switch actuators with 16 outputs, LON®	EO 1601 LO	Switching with additional functions
